## REDEFINING ORAL HEALTH

SUPPLIER OF DENTAL EQUIPMENTS, INSTRUMENTS AND CONSUMABLES

**These are the five steps to be followed in setting up a Dental Clinic;**

**OHC will provide the following services complementary along with their Clinical Setup Packages.**

Step No.	Activity/ Stage	OHC's Contribution	Dentist's Contribution	Remarks/Warranty
1	Finding a Place for Dental Clinic	OHC can guide you as to what all things to look out for before finalising the right place.	You have to get in touch with Local Real Estate Agents to finalise the Right Place	
2	Layout Design	OHC will provide a detailed layout design for your clinic (Operating Area, Consultation area, Visitor Lounge, etc.)	You will have to provide photos and measurements of the place.	This will save both <u>Time and Money</u> as you would not have to visit multiple architects and pay a hefty consultation cost. OHC will directly connect you with our architecture team for a smooth completion of the layout.
3	Electrical & Plumbing Work	OHC technician will visit your clinic and coordinate with your plumber and electrician to fix inlet/outlet and electrical connections.	You have to hire electrician/plumber and get work done	OHC will provide technical consultation and a checklist for the same. As we have setup more than 150 clinics across India, this will save you a lot of <u>Time and Effort</u> .
4	Interior of the Clinic	OHC can help with cost estimation, low & minimum cost interiors	You have to pay for actual interiors and get work done	OHC will provide consultation.
5(a)	Installation	OHC technician will visit your place on the day of delivery of the shipment for installation of all the dental chair and materials provided. OHC Technician will also give you a demo for the same.	You don't have to do anything here.	
5(b)	Warranty	The dental chair is covered under 18 months warranty by OHC. During this period, faulty parts, if any, will be replaced by OHC and service will be provided within 24 hours. OHC will also provide 'No Cost Technician Visits' as in visiting charges of the technician will also be paid by the company.	NIL	Manufacturer warranty

Hi, I am Dr. Shelma from Kerala. When I was planning to start a dental clinic and was searching for the dental chair and other instruments...like sayings, right thing will happen at the right time, I met Oral Health Cart on Instagram. I saw their clinical set up packages and I thought it will be good if I purchase a package than individual purchase of each item...so I called them and asked about the package...and still I had some trust issues as I just know them through the Insta ad...but it's proven that all my thoughts were unnecessary...and I got my clinical set up within 10 days. I ordered 2,98,000 package and worth it...I liked the chair. I got the exact color I chose...and all the instruments are the same brand as per the package...and I liked it...the thing is I need not wander for the instruments and chair as it will cost my time and money as well...and also the OHC management and staff are very very responsible and anytime available on call. They had sent the photos of all equipments before package...and they arranged the person for installation of the chair and all... anyway...I suggest OHC for new dental practitioners those who planning for new clinic...I am very happy and grateful for their service...
